INKLOOM AI BRAND GOVERNANCE MANUAL

1.0 Brand Identity Guidelines

The official product name must always be spelled as BrandGuard.

2.0 Prohibited Terminology Policy

Creators must never use the word cheap in public copy. Use cost-effective.

Marketers must avoid the phrase 100% guaranteed as it creates legal liability.

Copywriters must never use the word flawless.

3.0 Tone of Voice Standard

Content must maintain an authoritative, professional, and transparent tone.

Writers must avoid excessive exclamation marks and hyperbolic slang.

4.0 Marketing Claims and Evidence

All performance claims regarding turnaround reduction must cite verified study data.

Claims without substantiation are strictly prohibited.

5.0 Accessibility and Visual Requirements

Visual assets must maintain high contrast complying with WCAG 2.1 AA standards.

Alt text is required for all embedded marketing graphics.
